The screenshot shows the 'ProjectTracker' 'Create New Project' form. At the top right is a 'Create New Project' link. The form has several sections: 'Project Name' with a text input field; 'Description' with a larger text area; 'Add Team Members' with a text input field and an 'Add Member' button; 'Create Milestones' which is a table with columns 'Milestone Title', 'Description', and 'Deadline', containing two empty rows; and 'GitHub Repository Link' with a text input field.

Milestone Title	Description	Deadline
